

Women's Help Center

Baby Bottle Fundraising Campaign

A Bounty for Babies Baby Bottle Fundraising Campaign is a wonderful and easy way for churches, church groups, schools and religious education classes to promote the pro-life ministry and help needy families throughout our community.

Campaigns typically run 3-4 weeks.

Women's Help Center provides:

- Themed baby bottles to be filled with loose change
 - Bulletin inserts for churches
- Fliers and posters for schools and religious education classes to post and to send home to parents.

We make it easy for you!

Some schools find it fun to organize a contest between classes and grade levels. The winning class(es) will win a free pizza party or ice cream social (whichever the school prefers), courtesy of Women's Help Center. This is a great way to teach children and teens about giving, and protecting the sanctity of life.

Representatives from Women's Help Center are also available to speak to your congregation, group or students about our ministry.

Please call or email Becky Damato at 904-398-5143 or bdamato@whcjax.com for more information or to schedule your campaign!

A little change can lead to BIG changes in the lives of families in need!
